“....I initially partnered with PRC because they know Orange County. They live here...shop here...kids attend school here...they were simply the most credible and well-connected relocation service available. Our experience has been so positive, we elected to expand our relationship to include their extensive domestic and international relocation services network to support our aggressive growth. The personal service provided to our employees is second to none....”

Mark Decker Vice President, Human Resources  
Fisker Automotive

"PRC and Oakwood have been working together for over 12 years. I have not always had the pleasure of being involved with them for various reasons however, for over the past 3+ years I have been very involved with the PRC team in assisting them with their many clients when it relates to a need for temporary accommodations across the Globe. I can say that they are one of the most professional organizations I have had the pleasure to work with. They are the consummate of a "true" partnership. I look forward to the continued relationship in years to come"

Shari Skidmore, Oakwood Temporary Housing
